

**PRESS RELEASE**

***For immediate release***

***“Piqua Materials Requests to Withdraw Application for Conditional Use”***

Representatives for Piqua Materials have formally requested that their application for Conditional Use (CU#861-09-2016) be withdrawn from consideration by the Miami County Board of Zoning Appeals. Piqua Materials had originally requested a Conditional Use Permit for the extraction of minerals (limestone) on the 93 acre property located at 2332 Farrington Road in Washington Township.

Instead of hearing evidence and testimony from those in favor of and in opposition to the application, the Board will be accepting the withdrawal of the submittal at their meeting to be held on Thursday, October 27<sup>th</sup> at 7:00PM in the Troy Junior High School Cafeteria.

Those with questions are encouraged to contact Dan Suerdieck with the Miami County Department of Development at 937-440-8121 or
