Apprenticeship Opportunities

Plumber / Pipefitter / Refrigeration Apprenticeships

A plumber/pipe fitter installs, maintains, repairs and tests many different types of pipe systems. These skilled workers install pipe systems that carry water, waste drainage, steam, air, or other liquids or gases needed for sanitation, industrial production, medical or other uses. They also alter or repair existing pipe systems and install plumbing fixtures, appliances and heating and refrigeration units. Work may be indoor or outdoor in all weather; in high places or in trenches. Plumbers and pipe fitters require physical stamina because of frequent heavy lifting and being on one's feet for long periods of time.

You must:
